DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laurence Stein on 8/17/07.

In claims: please cancel claims 7-36.

Allowable Subject Matter

2. Claims 37-42 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 37-42 is the inclusion of the limitation of a method of a surface treatment comprising transferring, by contact member, the contact member surface quality to the top surface of the thermoplastic later and to the interface between the top surface of the thermoplastic resin layer and the bottom surface of the image recording layer of the sheet . It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested

by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
